Subject: Request to Extend Comment Period

Ms. Shea,

Powertech (USA) Inc. would like to request additional time to complete review and preparation of our comments on the draft Class III and Class V UIC permit documents for the Dewey-Burdock Project, made available for public review on March 6th. The current comment period ends on May 19th.

We would like to request an additional 2 months to complete our review and propose that the comment period be extended until July 21st.

Please advise at your earliest convenience if the comment period can be extended.

Sincerely,

John

John M. Mays
